### Unpaid Leave of Absence

**Q: Why are we placing associates on temporary unpaid leave of absence?**

A: Currently we have two key priorities that are driving everything we do: maintaining the safety of our associates and customers and protecting the health and future of our business. While this is a very painful action to have to take, it is aimed at preserving the future health of Designer Brands. Our plan is to emerge from this as a stronger enterprise as we focus on running our business responsibly and sustainably.

**Q: What does “temporary unpaid leave of absence” mean?**

A: During this time, an associate does not report to work or collect wages, or PTO, unless otherwise required by law. They are not permitted to work during this time. However, the associate does retain their job and other benefits. This type of leave typically occurs during crises and ends, when associates either return to work or are permanently displaced.

**Q: How many associates will be affected by the temporary unpaid leave of absence and when will it be effective?**

A: Approximately 80% of our associates will be put on temporary unpaid leave of absence beginning Sunday, March 29, 2020.

**Q: How did you decide which jobs would be impacted?**

A: This decision was made based upon a thorough review of our operations and what was deemed necessary to run the current state of the business. In most cases roles that are not providing this

necessary business support have been placed on temporary unpaid leave of absence. As communicated today, functions deemed necessary may change in the future, depending on business needs.

**Q: Am I required to return to work after the temporary leave of absence ends?**

A: You do not have an obligation to return to work. If you decide to resign from your position, please notify a member of management or human resources in writing. If you terminate your employment, your benefits will cease at that time. Your HR representative will be able to provide you more detail upon your resignation.

**Q: When does DBI anticipate the temporary unpaid leave of absence will be over?**

A: At this time, we are unable to answer that question with specifics because of uncertain conditions that are outside of the company's control, such as government-mandated closures. We are constantly monitoring the COVID-19 situation and will communicate with associates when further decisions are made. This is a very fluid situation that is constantly changing.

**Q: Is my job guaranteed to be available to me when the temporary unpaid leave of absence ends?**

A: We will try to place you into the same or an equivalent position upon your return to work, but we cannot promise that will occur. Please be aware that we are unable to predict the ways in which our business may be impacted by this public health crisis, which may result in some positions being changed or eliminated. Again, we will communicate to associates when we reach the point of asking associates to return to work.

**Q: Can I secure employment elsewhere while on temporary unpaid leave of absence with DBI?**

A: Yes. If you obtain other employment, please notify the company via [associatecommunications@dswinc.com](mailto:associatecommunications@dswinc.com) so that we may manage your situation appropriately.

**Q: What resources will DBI make available to associates who have been placed on temporary unpaid leave of absence?**

A: There are a variety of resources that will be made available to these associates, including assistance from the Two Ten Foundation (for footwear industry workers) and Designer Brands' Employee Assistance Program (EAP). More information is available at [designerbrands.com/associateinfo](https://designerbrands.com/associateinfo).

**Q: [Updated 3/26/20] If I am not on temporary unpaid leave of absence, how will my compensation be affected?**

A: Effective Sunday, March 29, 2020, all remaining associates in an exempt (salaried) position, including executive leadership will have a salary reduction based on their role : VP and above by 20%, Director and Sr. Director by 15%, Manager and Sr. Manager by 10% and individual contributors by 5%. Store managers still supporting online orders will not experience a pay reduction. Distribution Centers will only be impacted at the Director level and above. There may be exceptions for associates whose schedules are reduced to part-time or federal wage and hour requirements. Additionally, hourly associates who are not being placed on unpaid leave should expect a reduction in their work hours, which will be scheduled as business needs dictate.

**Q: In addition to placing associates on unpaid leave of absence, what else is the company doing to cut costs and reduce expenses during this time?**

A: After further consideration of the challenges currently facing our business, we have decided to delay merit increases for all associates and hold any promotions. We are also instituting a hiring freeze across the company.

**Q: If I am being placed on a temporary unpaid leave of absence, will I be expected to perform any work?**

A: No. In fact, associates who are on a temporary unpaid leave of absence are not permitted to do any work (including, making business phone calls, checking voicemail, reading/writing/deleting emails, drafting documents, stopping by the business to “check on things” or engaging in business-related communication with other associates who may or may not be on leave). While we appreciate that some of you will want to keep abreast of what is happening in your department, in order that the Company complies with Federal and State laws, you may not perform any work while on leave.

#### **Associate Communication**

**Q: How will the company communicate with associates who have been placed on temporary unpaid leave of absence during this period?**

A: Any associates placed on temporary unpaid leave of absence will be contacted by a member of management or human resources by phone when the leave period is over. Associates can also watch for updated versions of this document and other information at [designerbrands.com/associateinfo](https://designerbrands.com/associateinfo).

**Q: [Updated 3/30/20] Will associates have access to company systems (email, etc.) during temporary unpaid leave of absence?**

A: No. All access to company systems was suspended at 5:00 p.m. EST on Saturday, March 28, 2020, for associates placed on temporary unpaid leave during this time. **This means company laptops will not unlock and so cannot be used during this time (system access restriction includes all Office 365 programs, all file access and internet browsers). Unfortunately, system access cannot be restored to access personal files stored on company machines. Please note that personal files should not be stored on company computers per the company's technology use policy.** During your leave, please keep any company property you currently have with you outside of the office. If you resign or transition to a terminated status your HR partner will arrange to collect your company property. Associates can still access [designerbrands.com/associateinfo](https://designerbrands.com/associateinfo).

**Q: Will associates have access to FrontDoor to get to systems like benefits sites?**

A: No, associates who have been placed on temporary unpaid leave of absence will not be able to access FrontDoor. To access benefits information visit [dswbenefits.com](https://dswbenefits.com). You can also access all contact information by visiting and bookmarking [mymobilewalletcard.com/dbi](https://mymobilewalletcard.com/dbi).

**Q: Should associates who have been placed on temporary unpaid leave of absence set an out of office message on their email?**

A: Impacted associates do not have to set an auto-reply on their email when they go on leave. Email accounts will be temporarily suspended, and an automatically generated reply will be implemented with a default message. However, our technology team will take note of any messages that have been pre-set by users, confirm with department leadership as appropriate, and not override.

**Q: [New 3/27/20] How do I update my personal email in the ADP pay system to ensure the company can reach me with important information?**

A: Visit <https://portal.adp.com> then click *Personal Information* to update your personal email and phone number. If you are registering for the first time, please use registration code: DSWI-SHOEPAY.

**Q: [Updated 5/8/20] When does DBI anticipate the temporary unpaid leave of absence will be over?**

A: As states begin the process of lifting stay-at-home orders, we're preparing to reopen our retail stores in the U.S. and Canada. Approximately 150 DSW warehouses will be open as of May 9 and our plan is for 400 to be open in North America by the end of May. All along, our top priority has been the health and safety of our associates and customers. We've developed procedures and processes in place to ensure both. You can find an overview of how we're preparing our stores [in this video overview](#). We are also making plans for our offices, including more flexible work from home policies. As stores are reopening, we will evaluate the work that needs to re-start in our stores and our offices, and we'll slowly begin to bring associates back from furlough to support those work processes. Your manager will reach out to you directly once we have more information about your individual store and/or role.

**Q: I want to get personal belongings from my workspace. How and when can I do that?**

A: Currently, we are asking associates not to enter workspaces unless necessary and permission is given by your leader. Your leader will communicate a process for when it will be possible to collect personal belongings.

## **Associate Pay & Benefits**

**Q: [New 4/6/20] Is the Tuition Reimbursement Program still active?**

A: The Designer Brands Tuition Reimbursement program is now on hold effective immediately for associates requesting to utilize the program for the *first time* on or after 4/6/20. Designer Brands will still honor pre-approved requests (including future classes in pre-approved degree programs) for reimbursement. Affected associates will be notified individually via email. Any future first time requests from 4/6/20 and beyond will not be accepted until the program resumes. We will notify associates as soon as we can once the program resumes. For more questions about the Tuition Reimbursement program email [benefits@hr.designerbrands.com](mailto:benefits@hr.designerbrands.com). You may still utilize the partnership with Bellevue University. Learn more at [dbi.corporatelearning.com](http://dbi.corporatelearning.com).

**Q: [New 5/6/20] How has the Bellevue University Partnership been impacted?**

If you are currently enrolled in Bellevue and participating in a degree program approved by Designer Brands Benefits before 4/6/20, you will not experience any changes and will still be eligible for any applicable DBI Tuition assistance. New students at Bellevue (full-time associates, part-time associates,

and family members) are still eligible for savings on tuition at the university. Please contact Bellevue at [dbi.corporatelearning.com](http://dbi.corporatelearning.com) to learn more about your options.

**Q: [New 4/6/20] Is the Paid Parental Leave program still active? Who is eligible for Paid Parental Leave?**

A: The Paid Parental Leave program is on hold for all new requests with a *start date* on or after 4/6/20. Designer Brands will still be honoring paid parental requests that have a *start date* before 4/6/20. In addition, some associates who are currently on maternity leave may be eligible to take paid parental leave if the maternity leave started before 4/6/20. Associates with a maternity leave starting on or after 4/6/20 are not eligible to use paid parental leave. However, all benefits eligible associates remain eligible to use the short-term disability program for maternity claims. Additionally, eligible associates that work in CT, CA, MA, NJ, NY, RI, WA and the District of Columbia can continue to utilize the Paid Family Leave benefits offered in those states. Contact Matrix to file for a leave at 888.477.5110.

**Q: [New 4/6/20] How does this affect associates on maternity leave who were planning to use Paid Parental Leave?**

A: Associates with a maternity leave starting on or after 4/6/20 are not eligible to use paid parental leave as the program has been put on hold. Associates who are currently on maternity leave are eligible to take paid parental leave only if the maternity leave started before 4/6/20. Reach out to your claims examiner at Matrix with questions or call 888.477.5110 to file for a leave.

**Q: [New 4/6/20] What if I filed for my Paid Parental Leave before 4/6? Can I still take it?**

A: It depends. Whether or not you can still take your paid parental leave can depend on two things:

1. On the start date of your leave request, not the date the leave was filed.
  - a. The program is now on hold effective immediately for all new requests with a *start date* on or after 4/6/20. Paid parental leave requests with a start date of 4/6/20 or after are no longer eligible – even if you filed before 4/6. Based on the start date being on or after 4/6, new paid parental claims are no longer eligible.

2. If you are currently on a maternity leave or not.
  - a. If your maternity leave began before 4/6 you are still eligible to use paid parental leave. Reach out to your claims examiner at Matrix to use paid parental leave or call Matrix at 888.477.5110 to file for a leave.
  - b. If your maternity leave started on or after 4/6, you are not eligible to use paid parental leave at this time. Please reach out to the Benefits Team if you have additional questions [benefits@hr.designerbrands.com](mailto:benefits@hr.designerbrands.com).

**Q: When will I receive my final paycheck after my temporary unpaid leave takes effect?**

A: You will receive your pay as normal for hours worked during the pay period, March 15<sup>th</sup> – March 28<sup>th</sup>, on Friday, April 3<sup>rd</sup>. If you are a Stores associate and your location was closed, you will receive Emergency Pay for any scheduled shifts during this time period.

**Q: [Updated: 3/30/20] Will I qualify for unemployment while on temporary unpaid leave?**

A: This will be up to state law and the agency in your jurisdiction. However, Designer Brands will not contest unemployment claims for those placed on temporary unpaid leave. You may qualify for unemployment benefits, and we encourage you to apply so you can obtain any unemployment compensation that you are entitled to. Note that you cannot file for unemployment until Sunday, March 29. See the chart on final pages of this FAQ for your state’s unemployment filing website.

- **Ohio Associates:** Refer to the [Designer Brands Mass Layoff Form](#) (code # included).
- **Georgia Associates:** Georgia unemployment law requires Designer Brands to file an unemployment claim on your behalf during this crisis if your work hours have been eliminated or reduced in response to current business conditions. We will file those claims beginning on Monday, April 6<sup>th</sup> for the week of Sunday, March 29<sup>th</sup> - Saturday, April 4<sup>th</sup>, and will file them on a weekly basis going forward. While you are not required to file your claim, you should learn more here: <https://dol.georgia.gov/gdol-covid-19-information> about setting up your unemployment account.
- **All Other Associates:** Please refer to the chart at the end of this FAQ for state filing websites, and additional details.

**Q: I live in one state and work in another, where should I file unemployment?**

**Q: What happens to my 401(k) while I am on temporary unpaid leave?**

A: Your 401(k) will continue to be available, but employer match contributions will not be made during the unpaid leave period. To learn more about the impact to existing 401(k) loans, requests for hardship withdrawals, or to view your investment elections, please visit [401k.com](http://401k.com).

**Q: [Updated 5/6/20] I have a 401(k) loan, what happens to my payments while I’m on unpaid leave?**

**Q: [Updated 5/6/20] Will health insurance premiums be adjusted during this time or will they remain at the same cost?**

A: If you are enrolled in a Designer Brands medical and/or dental plan and are currently or were previously on furlough, you'll be forgiven your portion of those premiums paid during your time away. We had previously communicated that those premiums would need to be repaid upon return to the business, but we understand the hardship created by this furlough. We want to ensure that your health and your family's health is protected. Other benefits such as long-term disability, supplemental life insurance, healthcare flexible spending account (FSA), accident, critical illness, and hospital indemnity will continue to go into arrears. When you return to an active status these premiums in arrears will be deducted from future paychecks to catch you up on missed payments. Watch for emails in your personal email from the Designer Brands Benefits Team for details ([benefits@hr.designerbrands.com](mailto:benefits@hr.designerbrands.com)).

## Future Actions

**Q: Do you anticipate more associates will need to be placed on temporary unpaid leave of absence or even laid off in the future as the COVID-19 virus continues to impact businesses around the globe?**

A: We are constantly monitoring this situation and following the guidance of the Centers for Disease Control and Prevention (CDC), World Health Organization (WHO), as well as local and federal government and public health agencies, to quickly adapt and make decisions.
