2.1 General Instructions (cont'd)

- Vendors must provide Purchase Order Management Team (POM) with the correct vendor style name/number and NRF color code of the merchandise for entry into the Company PO system within **15 business days** following receipt of the PDF approval copy of the PO by the vendor. This information can be forwarded to the Company via email. Failure to provide this information within 15 business days may result in a chargeback.
- UPC enabled vendors must ensure the transmission of corresponding UPC codes for PO items either directly to DSW (832 Direct) or to an on-line catalog (GXS or Intertrade) within the same time period. Failure to load this information within 15 business days may result in a chargeback.
- Additionally, the Company will request that all UPC enabled vendors establish a data trading agreement that allows the use of the vendor's UPC codes for PO merchandise. EDI/Vendor Compliance will contact the vendors requesting access to their online UPC catalog (GXS, InterTrade) data. UPC code information can be transmitted to DSW via 832 Direct transmission. The specifications for the 832 Direct transmission are in the EDI section of the DSW Vendor Website.
